# Welcome...

Thank you for your interest in joining the Surrey Starlets for the 2025-26 season. This pack is here to help you decide which of our teams you would like to be considered for and understand the commitment needed for the season.

The Surrey Starlets began in 1998 as a 'pee-wee' team and ever since our first competition (where we placed 2nd out of 14!!) our teams have achieved great success both nationally and internationally.

Over the past 27 years our teams have represented Surrey at many prestigious events such as multiple World Cheerleading Championships, the London 2012 Olympics, T4 on the Beach, Reading Festival, Rugby 7s Finals, as well as numerous television appearances.

This year, we celebrate our 28th anniversary, making us one of the **longest running programmes in the UK**. The upcoming season looks to be the most exciting yet with many events, competitions and developments for the year.

As we enter our 28th season, we are proud to expand to our 2 locations, the Purple and Pink Gym! The Purple Gym located within Rosebery School, Epsom is fully equipped with a full sprung floor, along with other custom tumbling equipment such as air tracks etc. Easily reached via public transport with direct trains to and from London – Victoria and Waterloo, the gym is a short drive from the M25, with ample parking.

Our Pink Gym, home to recreational and some novice teams is located at Wandle Valley Academy, features professional cheerleading equipment and is a great training location

Surrey Starlets are more than just a cheerleading team. The programme has a strong sense of family and teamwork, providing athletes with an opportunity to make friends, compete nationally and learn important life skills.

At Surrey Starlets, we care about more than just competitive cheerleading. We care about athletes individual experiences and development. That is why, we have a series of programmes and initiatives to give you a cheerleading experience that you will not find anywhere else.

## Personal Rewards...

At Surrey Starlets, we recognise that athletes should be celebrated and rewarded for ALL aspects of cheerleading, not just skill and ability, but the other important aspects.

This season, every athlete will have their photo framed and displayed on our team boards. Every week, athletes achievements will be celebrated and athletes can collect stickers to recognise this to display on their framed photo.

These achievements will range from aspects such as perfect attendance or punctuality, new skills, King or Queen of the competition, hitting zero, great team work etc etc.

## Development 5...

Development 5 is a focused, high performance training team that meets on a fortnightly basis with the primary goal of progressing toward a world-class standard. To ensure our younger athletes are progressing and reaching their potential, D5 is designed to challenge the team physically, technically and mentally, promoting long term development rather than short term results. With a clear emphasis on progression, D5 provides a structured pathway for athletes who aspire to reach elite levels, fostering a culture of excellence, accountability and continuous growth in alignment with international benchmarks

## Starbound Scholarship...

New for the 2025-26 season, following the generosity of last year's scholar donating their scholarship to a different athlete each month, the Starbound Scholarship can be applied for monthly and grants each successful applicant 1 month of funded training fees!

## Tumbling Progression...

As well as weekly tumble classes, included in your monthly fees, we are again celebrating our tumbling with the reward badges.

Reward images will be posted to our social media, and athletes will be welcome to purchase their badges

This will be accompanied with a sticker on their personal achievement frame.

## STRIVE! Junior Leadership Award...

Many of our coaches started as athletes, and this is an excellent starting point!

This year we will be working with a small amount of athletes to be a part of our Junior Leadership programme. Athletes will work with the Leadership Mentor working through a handbook covering different elements to help them to understand the requirements to be a coach. Athletes will volunteer time, work through education, attend courses etc etc.

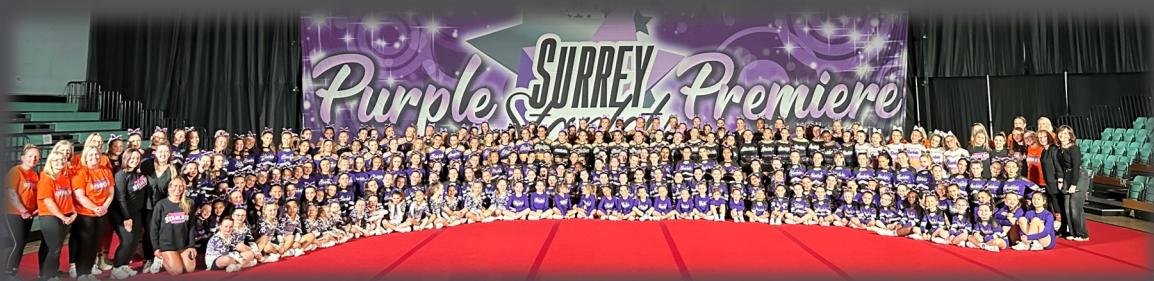

Athletes have different tasks to work through, gaining knowledge and experience in coaching.

Athletes will be awarded a pass, merit, or distinction on completion of the course.
